

## Accessing Discovery Education - Student

These are the directions you would use to log on to Discovery Education:

1. Go to Technology@HMES webpage
2. Click on Discovery Education in the Research table. This website is <https://pwcs.discoveryeducation.com>
3. Login the same way you log into your computer with your username and your password
4. You are now connected with your Discovery Education account and this is what you will see. Students should explore the 3 areas circled below to learn more about how to use Discovery Education.
  - How Do You DE? - This area will show student how to do RESEARCH and SAVE your Information
  - Outrageous Acts of Science – This area is filled with fun Science facts.
  - Interactives – This area has a ton of interactive games on the Solar System, Electromagnetics, Animals, the Human Body, Geography, and more.

### Get a QUICK START by using the SEARCH bar

#### Your Challenge:

Find something new that you have learned and send it to Ms. King in an email (kings). Also send the name of the video that you watched or the interactive game you played.
